## Ghost Keeper Pendant

€50.00

An unique pendant which is actually a kind of ghost keeper. Of course only for eatable ghosts!

In Ancient Kuzhebar, people didn't separated ghosts in good and bad ones, but in eatable and not eatable ones. Kuzhebar people believed that when you eat a ghost you create a symbiosis with it. Through this symbiosis the human being and the ghost go their evolution ways and support each other.

Moreover, there were special musical rituals for eating ghosts by using a special wind musical instrument called ghost catcher".Click here to watch a video with similar kind of ghost catcher (reconstructed, developed and played by Nadishana):
